

## Overview

## Helping you to grow your business

Advanced Health & Care are a leading supplier of rostering, administration, monitoring and point-of-care systems to the community care industry. Our clients include local authorities, PCTs, housing associations, national chains and hundreds of independent sector providers throughout the UK, Ireland and Australasia.

### Rostering and integration

**StaffPlan Roster** - An advanced rostering and business administration system that is intuitive and easy to learn and offers the richest variety of scheduling strategies.

**StaffPlan OnCall** - Live mobile access to key data relating to service users, care workers and visit rosters. Available on a PDA/smart-phone device, PC or laptop.

**InfoMap Navigator** - Enables StaffPlan Roster to automatically calculate mileage expenses.

**Conduit API** - Web services API supporting secure and reliable data exchange between the StaffPlan suite and third-party systems.

### Monitoring and Point-of-Care

**iConnect** - Delivers live schedules and service user information to care workers via mobile phones, and captures data including arrival and departure times at the point of care with the most secure and reliable touch-in/touch-out system on the market.

**StaffPlan Monitor** - An effective, low cost electronic monitoring solution based on landline telephones. When used alongside iConnect it offers a fail-safe system giving total peace of mind. Monitor is supplied with a rich web based user interface to track visits, reconcile data and configure the system.

# Overview

## Training

Our training and implementation team can provide you with a tailored training programme to suit your needs, whether it be onsite, offsite or online.

## Putting people first

Advanced Health & Care supports the Putting People First vision for the development of a personalised approach to the delivery of adult social care.

- CareQuote - Allows you to offer your services to the public through your website with prices taken from a direct interface with StaffPlan Roster.
